**FOR IMMEDIATE RELEASE**  
**LUNA GOLD RECEIVES EXPLORATION EXTENSION AT ITS AURIZONA GOLD  
PROJECT AND APPLIES FOR MORE GROUND**

**Vancouver, April 19, 2007 – Luna Gold Corp. (TSXV-LGC, OTCBB-LGCU)** (“Luna” or the “Company”) is pleased to announce that it has been granted a two year extension of its exploration licence at its wholly owned Aurizona Gold Project.

Luna’s COO, Jim Bahan, advises “We are currently designing a work program to expand and improve the quality of the historic resource with the intention of assessing its economic potential. Upon the successful completion of this program, Luna will request that the ground containing the updated resource be added to the Aurizona mining licence.”

Luna has 20,131 ha of claims at Aurizona with 10,000 ha held in an exploration licence and the remainder held in a mining licence. The exploration claim hosts an historic gold resource, Tatajuba, that is an along strike extension of the main mineralized zone at Aurizona. Tatajuba represents about 9% of the historic resource estimate previously described in Luna’s press release dated December 21, 2006.

Luna has also applied for, approximately, another 30,000 ha of exploration licences that are contiguous with its current claim block and are located to the immediate south and west of Tatajuba.

**About Luna Gold Corp**

Luna is a mining exploration company with a focus on gold development in Brazil and gold exploration in Nevada.

On behalf of the Board of Directors
